

PRESS RELEASE

CMLS Financial ranks among Top Five Mortgage Lenders in Canada.

Once a year, an industry trade publication surveys brokers for their opinions on Canadian mortgage lenders, both bank and non-bank lenders. CMLS Financial was ranked among the top five mortgage lenders in Canada.

This is an immense honour, especially given the fact that our Residential Division had only been in operation for just over six months when this survey took place. We feel that such strong recognition so soon out of the gate is evidence that we are truly delivering on our Customer Forward philosophy that puts our customers' needs ahead of our own.

We thank all our brokers and clients for your overwhelming vote of confidence!
