Funding Process Multi-Mortgage

1. On submission from Broker, CMLS is advised of the request to process an 'Enhanced Transfer – Multiple Mortgage'. Underwriter confirms eligibility at time of submission. Individual payouts are required for each registered charge. Signed Payout Authorization Forms are required for each instrument, even if they are held with same institution.
2. Once all broker conditions are clear, CMLS Financial will send instructions to FNF who in turn requests the payout statements from both relinquishing financial institutions. Notes: It typically takes 10 business days to acquire a payout statement, and CMLS is not responsible for any costs accrued due to delays from either financial institution.
3. Once payout statements are received, CMLS Financial contacts the broker to advise of any discharge fees and payout penalties due to the relinquishing financial institutions.
4. Fees, interest, and penalties are capitalized into the new mortgage (up to a total of \$3000 in new funds) or paid to FNF directly by the borrower. Note: This capitalization covers total aggregate costs accrued from this multi-mortgage Transfer, and not per individual mortgage instrument
5. CMLS Financial will revise the mortgage amount based on the payout statement and provide FNF with the new commitment.
6. FNF then contacts the borrower(s) to arrange the signing appointment. FNF will meet the borrower(s) at their home (except in BC), office, or another mutually agreeable location where they will sign docs, etc. Virtual appointments are possible upon request.
7. Upon receipt of the executed documents and ID verification, CMLS Financial funds the new mortgage loan
